## Allan Titford also fought for you!

What we must remember with Allan Titford, he is a person that had freehold titled land stolen for a Treaty of Waitangi claim and only an "alleged" claim at that. A claim that had been rejected many time before as there is no evidence that this land was ever overlooked when it was sold. It was sold as a willing seller/willing buyer by all parties.

This could happen to any New Zealander that has free hold title to either a quarter acre section or a 10,000 acre farm. The ONZF is not only fighting for Allan Titford, we are fighting for every New Zealander that "thinks" he owns his free hold titled land.

David Lange when Prime Minister said *"Not one square inch of private land would be taken for a Maori claim, private land was sacrosanct"*. There is no law that allows part-maori to steal your land with the Crowns help, land can only be taken under the Public Works Act and for the good of the country, not one small group of part-maori that our archives show had no right to this land as they sold it fairly and squarely in 1876.

In fact the 1993 Treaty of Waitangi Amendment Act states, *"that private land is sacrosanct and totally excluded from the Treaty claim and settlement process"*.

Allan Titford's farm was acquired on the 12 December 1995, *"To assist the settlement of the claim by the Te Roroa people under the Treaty of Waitangi Act 1975"*, two years after the Act came into force.

Please help not only Allan Titford who had the "guts" to stand up for his rights, but also your little piece of paradise. Don't let the Crown put Allan Titford away for 24 years just because he was fighting for the right of every New Zealander that owns land.

If the Crown gets away with this, **YOU COULD BE NEXT!**

**We do not have a justice system in this country we have a legal process.**
